```java
1.   import java.awt.*;
2.   public class ScrollBar1{
3.     ScrollBar1()
4.     {
5.             Frame f = new Frame("Scroll Bar");
6.             Scrollbar s  = new Scrollbar();
7.             s.setBounds(100,100,50,100);
8.             f.add(s);
9.             f.setSize(400,400);
10.            f.setLayout(null);
11.            f.setVisible(true);
12.    }
13.    public static void main(String[] args) {
14.            new ScrollBar1();
15.
16.    }
17. }
18.
```
