```java
1.  import java.awt.*;
2.  public class Lable_ex{
3.     public static void main(String args[])
4.     {
5.             Frame f = new Frame("Label Example");
6.             Label l1,l2;
7.
8.             l1 = new Label("Username");
9.             l2 = new Label("password");
10.
11.            l1.setBounds(50,100,100,30);
12.            l2.setBounds(50,150,100,30);
13.
14.            f.add(l1);
15.            f.add(l2);
16.
17.            f.setSize(400,400);
18.            f.setLayout(null);
19.            f.setVisible(true);
20.     }
21. }
22.
```
